## Purpose

To inform the 2023 second quarter investment results.

## Background

Financial Services reports on the Town's financial results on a quarterly basis. This report provides a summary on the 2023 second quarter investment results.

## Discussion

The average weighted yield on reserve fund money market investments was 3.04\% (2022 $-1.81 \%$ ) compared to a weighted average benchmark of $5.24 \%$ for the six months ending June 30, 2023. Investment returns on short and long-term investments resulted in total investment income of $\$ 0.635$ million against the benchmark return of $\$ 1.197$ million. Some of the Town's investments were made and locked in prior to the rising interest rates in 2022 which resulted in the actual return to-date being lower than the benchmark. However, at the end of Q2, the investment with One Equity showed unrealized gains of $\$ 2.046$ million.

At the end of June 30, 2023, the reserve fund investment portfolio included:
i) $\quad \$ 34.7$ million (49.6\%) Guaranteed Investment Certificates ("GIC") with major banks.
ii) $\quad \$ 23.6$ million ( $33.8 \%$ ) in Canadian equities.
iii) $\quad \$ 7.6$ million ( $10.9 \%$ ) in non-traditional investments (internal loans).
iv) $\quad \$ 4.0$ million ( $5.7 \%$ ) Principal-Protected Notes ("PPN").

At the end of the second quarter 2023, investments in Canadian Equities were valued at $\$ 23.6$ million against the 2022 year-end market value of $\$ 21.6$ million with a return of $9.3 \%$. The S\&P/TSX Composite is a widely quoted benchmark for the Canadian Equity market. For the first quarter 2023, the index returned 4.0\%.

## Passive investments

Total interest earned in the second quarter from the Town's operating bank accounts was $\$ 1.4$ million against year-to-date June budget of $\$ 0.4$ million. In 2022, bank interest in excess of the annual budget was transferred to the Asset Replacement Fund. Staff will monitor and assess to determine if a transfer will be made at year-end based on the overall 2023 tax-supported operating budget year-end financial results.

## Conclusion

In the opinion of the Treasurer, all investments made were in line with the investment policies, strategies and goals adopted by the Town. As per the goals approved in staff report 2022-09, the Town's investment in the equity market does not exceed $40 \%$ of the total investment portfolio.
