Dear Premier Ford:

Resolution #011 (April 2, 2024)

Moved by Deputy Mayor Brian Abdallah
 Seconded by Councillor Troy Purcell

Whereas the well-being of our community members is of paramount importance, and addressing mental health and substance use disorder is crucial for the overall health and safety of all our residents; and Whereas the County of Renfrew, like many other regions, faces significant challenges related to mental health and addiction, with individuals and families grappling with the devastating impact of these conditions; and Whereas timely access to specialized treatment and residential rehabilitation services and transitional housing is essential for those struggling with mental health issues and substance use disorders; and Whereas we need to address the urgent need for additional treatment beds, especially for adults requiring intensive supports, and to improve access to care in rural, Northern, and Indigenous communities; and Whereas the number of drug-related deaths in the County of Renfrew, as a whole, is on the rise underscoring the critical importance of accessible treatment options for those at risk of negative impacts including overdose and death; and

Whereas the establishment of a mental health, drug addiction treatment and residential rehabilitation facility serving the County of Renfrew would provide the following benefits:

1. **Local Accessibility:** Residents would have access to specialized services without the burden of traveling long distances, ensuring timely intervention and continuity of care.
2. **Holistic Approach:** The facility could offer integrated care, addressing both mental health and substance use disorders concurrently, thereby improving outcomes for clients.
3. **Community Support:** By providing a safe and supportive environment, the facility would contribute to reducing stigma and fostering community understanding of mental health and addiction.
4. **Collaboration with Existing Services:** The facility could collaborate with existing community organizations, healthcare and social service

WHEREAS the World Animal Protection Organization has circulated the following resolution to all municipalities in Ontario;

WHEREAS Ontario has more private non-native ("exotic") wild animal keepers, roadside zoos, mobile zoos, wildlife exhibits and other captive wildlife operations than any other province; and,

WHEREAS the Province of Ontario has of yet not developed regulations to prohibit or restrict animal possession, breeding, or use of non-native ("exotic") wild animals in captivity; and,

WHEREAS non-native ("exotic") wild animals can pose very serious human health and safety risks, and attacks causing human injury and death have occurred in the province; and,

WHEREAS the keeping of non-native ("exotic") wild animals can cause poor animal welfare and suffering, and poses risks to local environments and wildlife; and,

WHEREAS owners of non-native ("exotic") wild animals can move from one community to another even after their operations have been shut down due to animal welfare or public health and safety concerns; and,

WHEREAS municipalities have struggled, often for months or years, to deal with non-native ("exotic") wild animal issues and have experienced substantive regulatory, administrative, enforcement and financial challenges; and,

AND WHEREAS the Association of Municipalities of Ontario (AMO), the Association of Municipal Managers, Clerks and Treasurers of Ontario (AMCTO) and the Municipal Law Enforcement Officers' Association (MLEOA) have indicated their support for World Animal Protection's campaign for provincial regulations of non-native ("exotic") wild animals and roadside zoos in letters to the Ontario Solicitor General and Ontario Minister for Natural Resources and Forestry;

THEREFORE, BE IT RESOLVED THAT given the recent baboon biting incident in Kirkland Lake ON, the Municipality of Tweed hereby petitions the provincial government to implement provincial regulations to restrict the possession, breeding, and use of non-native ("exotic") wild animals and license zoos in order to guarantee the fair and consistent application of policy throughout Ontario for the safety of Ontario's citizens and the non-native ("exotic") wild animal population;

Corporation of the Municipality of Calvin Council Resolution

Date: January 30, 2024

Resolution Number: 2024-31

Moved By: Councillor Moreton

Seconded By: Councillor Manson

Background: Before Calvin township became a township, it was burned by numerous forest fires. This was before the time of fire towers, water bombers, and municipal fire departments. A 1881 report from Lawrence Tallan, Provincial Land surveyor, states: *"The township of Calvin has been traversed by repeated and severe fires – so well have the flames done their work that with the exception of an insignificant portion, scarcely a vestige of the original timber remains."*

History has a way of repeating itself, and now rural municipalities and remote areas need more than ever to be prepared to respond to forest fires. Invasive pests like the emerald ash borer and the spruce bud worm are killing large numbers of trees, leaving copious amounts of dry kindling in our forests just waiting for a careless human or a lightning strike. Our forests are choked with deadfall and forest fires are becoming increasingly difficult to control. Add to this the effects of rising temperatures and drier seasons, or climate change, and we could be facing increasingly disastrous forest fires. This is not the time to be caught short with limited forest fire-fighting resources.

Jordan Omstead of the Canadian Press recently wrote: *"But as Canada's water bombers age – and wildfire seasons are expected to intensify – some wildland*

firefighters and emergency preparedness experts say the country needs to prop up its fleet of firefighting aircraft, even though several provinces are playing down concerns about capacity." He quotes Eric Davidson, president of the Ontario Professional Association of Wildland Firefighters, "We're really starting to see the effect of the aging fleet."

The article further states the John Gradek, lecturer at McGill University estimates that almost half of the larger water bombers used to fight Canadian forest fires are nearing the end of their service life.

However, a Canadian company making a large skimmer-style water bomber is backed up with orders from European countries until the end of the decade.

Ontario has its own fleet of aircraft. They have 20 fixed-wing aircraft which includes 9 CL215 and CL415 water bombers that are 24 years old on average. The remaining 11 aircraft are an average of 54 years old. Melissa Candelaria, a spokesperson for Minister Graydon Smith says the MNR can handle Ontario fires with these aircraft, but Jennifer Kamau, communications manager for the Canada Interagency Forest Fire Centre, CIFFC, noted that other provinces contract out firebombers and last year there was a strain in Canada to get the resources to areas in need because there were so many fires across the country at the same time and very few aircraft available.

Peter Zimonjic of the CBC quoted the Canadian Association of Fire Chiefs (CAFC) President Ken McMullen, "It's not often that the fire chiefs sound the alarm. We are very concerned about this impending crisis that the summer of 2024 and beyond is going to bring our sector."

In 2023 we all smelled the smoke and saw the sky turn brown. Buildings can be replaced, but lives cannot. And once an area is burned it takes more than a lifetime for it to return to its original state.

WHEREAS Forest fires are a very real threat to rural municipalities.

AND WHEREAS smoke from forest fires put people's health at risk. This is especially true of children and the elderly. The David Suzuki Foundation reports that wildfires kill many thousands of people per year and most of the deaths are from smoke inhalation.

AND WHEREAS forest fires are a very real danger to the climate and according to The Guardian, in 2023 they emitted three times as much carbon as the entire carbon footprint of Canada.

AND WHEREAS according to the John Crace interview in The Guardian with William Kurz, a retired scientist with Natural Resources Canada, around two billion tonnes of carbon have been released into the atmosphere from forest fires in 2023.

AND WHEREAS carbon emissions from forest fires are not counted against Canada's Paris agreement commitments, according to Kurz, but they far exceeded all of the emissions tied to Canada's economy (670 mega tonnes, or 0.67 billion tonnes, according to Environment and Climate Change Canada).

AND WHEREAS that standing healthy forest serves as a carbon sink, drawing in carbon, but once destroyed by fire, even though second growth takes its place, it is much less effective for many decades.

AND WHEREAS the federal government owns no water bombers and assists the provinces through the CIFFC, Canadian Interagency Forest Fire Centre, a spokesperson with CIFFC says that last year there were too many requests and not enough inventory to meet the needs of the country.

AND WHEREAS as reported by De Havilland Canada who manufacture the Canadian made water bomber, they have contracts with European countries for the next 22 of its new DHC-515 planes, which will take until 2029 or 2030 to complete and there will be very little production available to replace the aging water bombers in Ontario and the rest of Canada.

NOW THEREFORE BE IT RESOLVED THAT the council of the Corporation of Calvin Township urges and encourages the Federal Government to commit additional funds for cost sharing of provincial firefighting and to consider the development of a national strategy of firefighting. Furthermore, we urge the federal government to consider the measures necessary for acquiring a national fleet of Canadian-made waterbombers, with home bases strategically located to best serve and respond to the needs of rural communities, and a national fire administration to better coordinate and manage efforts across the country. We also encourage the introduction of a program similar to the Joint Emergency Preparedness Program (JEPP) which was ended in 2013.

And we encourage Minister Graydon Smith to step up the on-the-ground firefighting capability and water bomber acquisitions in Ontario.

AND THAT this resolution be forwarded to The Right Honourable Justin Trudeau, Prime Minister of Canada, The Honourable Bill Blair, Minister of National Defence, The Honourable Doug Ford, Premier of Ontario, The Honourable Graydon Smith, Minister of Natural Resources and Forestry of Ontario, The Honourable Vic Fidell, Minister of Economic Development Ontario, the Federation of Canadian Municipalities (FCM) and the Association of Municipalities Ontario (AMO).

AND THAT this resolution be shared with all 444 municipalities in Ontario for their consideration and adoption.

Resolution Number 24-082

Title: Public Health Ontario proposes phasing out free water testing for private wells

Date: Friday, April 19, 2024

Moved by: Councillor Manners

Seconded by: Councillor MacLeod

WHEREAS the Ontario Auditor General's annual report on public health from December 2023 indicates that Public Health Ontario is proposing the phasing-out of free provincial water testing services for private drinking water; and

WHEREAS free private drinking water testing services has played a pivotal role in safeguarding public health, particularly in rural communities, including the entire Township of The Archipelago, that rely predominantly on private drinking water; and

WHEREAS the removal of free private drinking water testing could lead to a reduction in testing, potentially increasing the risk of waterborne diseases in these vulnerable populations; and

WHEREAS the tragic events in Walkerton, Ontario underscored the critical importance of safe drinking water.

NOW THEREFORE BE IT RESOLVED that The Township of The Archipelago hereby requests that the Province reconsider and ultimately decide against the proposed phasing-out of free private drinking water testing services.

FURTHER BE IT RESOLVED that this resolution be sent to all Ontario municipalities, Minister of Environment Conservation and Parks, Minister of Health, North Bay Parry Sound District Health Unit, Graydon Smith, MPP Parry Sound-Muskoka.

Re: Household Food Insecurity
January 24, 2024

Household food insecurity is one of the strongest predictors of poor health, making it a serious public health issue (PROOF, 2023). Individuals who are food insecure are at higher risk of diet-related diseases like diabetes and are at higher risk for a wide range of chronic conditions such as depression and anxiety disorders, arthritis, and chronic pain. Household food insecurity leaves an indelible mark on children's health and well-being (PROOF, 2023). The experience of food insecurity in childhood is associated with mental health concerns throughout childhood and into early adulthood (PROOF, 2023). In Ontario, the healthcare costs of individuals who are the most food insecure can be more than double that of individuals who are food secure (PROOF, 2023, Tarasuk et al., 2015).

Thank you for your attention to this important issue – the solutions for which will not only help many Ontarians in need but also protect the sustainability of our critical health and social services resources.

The Honourable Doug Ford
Premier of Ontario

Dear Premier Ford,

**Re: Township of Clearview Support Resolution
Cemetery Administration Management**

At the March 11, 2024, Regular Council meeting for the Town of Saugeen Shores, the following resolution was passed:

Moved by Deputy Mayor D. Huber, Seconded by: Vice Deputy Mayor M. Myatt

Whereas at the Committee of the Whole meeting held February 12, 2024, a motion was passed to direct staff to prepare a resolution based on the Township of Clearview's circulated resolution on Cemetery Administration Management but with the added reference to Pioneer Cemetery's unique situation; and

Whereas the Pioneer Cemetery in Southampton is a historical marker for the Town that holds significant information about its past, not to mention the emotional connection for residents whose ancestors are buried in its boundary area; and

Whereas the Cemetery is located along a steep slope adjacent to the Saugeen River. Closed in 1902, the annual slope erosion (.78 meters) is impacting burial plots and has resulted in the exposure of human remains. The Town of Saugeen Shores has diligently worked with all applicable authorities to date and has projected the full cost of the required remediation at \$800,000; and

Whereas this work requires the execution of a sensitive multi-year remediation project potentially lasting between five and ten years. The Town would like to ensure this is done with care and respect; however, it is outside of the Town's area of expertise and capacity to undertake this project without multiple disciplinary subject matter experts, as well as Provincial financial support to remediate existing damage and prevent further deterioration of the site; and

Whereas this is a complex situation requiring a solid understanding of the erosion rate along the Saugeen Riverbank near the Southampton Pioneer Cemetery. There are both complexities in the history of the site and changing river dynamics due to climate change. The work also requires identifying at-risk burial site(s) and then creating a plan to relocate those sites, while ensuring all artifacts and human remains are intact and appropriately relocated; and

Whereas cemeteries are not only symbols of respect, they also serve as the reservation of family memories, prominent citizens, and local history, in addition to some being local landmarks themselves and hold great historical and cultural value nationally; and

Whereas remediation and preservation repairs to older cemeteries are very costly and may require specialized services like archaeologists or anthropologists; and

Whereas the care, remediation costs, and ongoing maintenance funds of cemeteries are generally non-existent and continue to rise; and

Whereas cemeteries are important infrastructure where the reasonable costs for interment rights, burials, monument foundations corner stones, and administration charges do not sufficiently support the general operation of cemeteries; and

Whereas the revenue earned from the care and maintenance funds(s) of a cemetery do not provide adequate funding to maintain the cemetery with the rising costs of lawn and turf maintenance contracts and monument restoration.

Now therefore be it resolved that the Council of the Town of Saugeen Shores support other municipalities recommendations, including the Township of Clearview, and request that the Province of Ontario immediately provide a funding stream to municipalities for the preservation, repair, and ongoing maintenance of active and inactive cemeteries; and

Further that this resolution be forwarded to Jim Cassimatis, Interim CEO/Registrar, the Bereavement Authority of Ontario, the Honourable Todd McCarthy, Minister of Public and Business Service Delivery, the Honourable Lisa Thompson, MPP Huron-Bruce, the Association of Municipalities Ontario, and all municipalities in Ontario.

Sincerely,

Sarah Bonderud,

DELIVERED VIA EMAIL

Dear Minister,

Re: Motion regarding Public Health Ontario Labs

Please be advised that at its regular meeting of April 23, 2024, Loyalist Township Council passed the following resolution:

Resolution 2024-94

Moved by Deputy Mayor Townend
Seconded by Councillor Willis

WHEREAS the mission of Public Health Ontario (PHO) is to "enable informed decisions and get actions that protect and promote health and contribute to reducing health inequities", there are grave concerns that the closure of six community-based PHO labs will increase health inequities, especially for rural communities; and

WHEREAS combined these labs collect and process thousands of water samples and time sensitive medical tests each day; and

WHEREAS there are grave concerns about the integrity of samples being compromised if travel time is increased by centralizing all tests to a few locations; and

WHEREAS these labs already process overflow tests and samples when labs such as Toronto and Ottawa cannot keep up to demand and many scaled up to meet demand during the COVID-19 pandemic; and

WHEREAS frequent drinking water testing services is vital for Ontarians who draw their water from private drinking water systems (i.e. wells) and protecting groundwater quality and quantity is a shared responsibility.

NOW THEREFORE BE IT RESOLVED THAT As stewards of care for the Safe Drinking Water Act, 2022, Council of Loyalist Township urges the provincial government to take caution against acting on the recommendations stated in the aforementioned audit report.

AND FURTHER THAT this motion be circulated to Honourable Sylvia Jones, Minister of Health, Shelby Kramp-Neuman MP of Hastings-Lennox and Addington, Ric Bresee MPP of Hastings-Lennox and Addington and all municipalities, for their support.
Motion carried.

WHEREAS in 2018, the Ontario government mandated all Ontario municipalities to develop capital asset management plans with the stipulation that they be considered in the development of the annual budget;

RE: Urging the Government to Promptly Resume Assessment Cycle

Please be advised that the Council of the Corporation of the Municipality of Callander passed the following resolution at its Regular Meeting of Council held Tuesday, May 28, 2024.

Resolution No. 2024/05/184:

7.4(c) WHEREAS the assessment cycle is an essential process for maintaining the fairness and predictability of property taxes in our province;

AND WHEREAS the pause in the reassessment cycle has created uncertainty and instability in property taxation, impacting both residential and commercial property owners;

AND WHEREAS the government has delayed an assessment update again in 2024, resulting in Ontario's municipalities continuing to calculate property taxes using 2016 property values;

AND WHEREAS both current and outdated assessments are inaccurate, increase volatility, and are not transparent;

AND WHEREAS frequent and accurate reassessments are necessary to stabilize property taxes and provide predictability for property owners, residents, and businesses alike;

AND WHEREAS the staff at the Municipal Property Assessment Corporation would benefit from further skills enhancement and training in assessments, recognizing the importance of ensuring accurate evaluations for 100% of our municipality;

AND WHEREAS the Government has announced a review of the property assessment and taxation system with a focus on fairness, equity, and economic competitiveness, and therefore further deferring new property assessment;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Callander hereby calls upon the Premier to promptly resume the assessment cycle to ensure the stability and predictability of property taxes while the Government conducts its review of the property assessment and taxation system, or respond with an alternative method for every municipality in Ontario to achieve fair taxation;

AND THAT all Municipalities in Ontario and their constituents are encouraged to apply pressure to the Premier, daily, weekly, and monthly, to resolve the situation before it causes undo stress to everyone in the Municipality;

AND THAT a copy of this resolution be forwarded to the Premier, the relevant provincial authorities, the Association of Municipality in Ontario, the Rural Ontario Municipalities Association, the Federation of Northern Ontario Municipalities, the Municipal Property Assessment Corporation, and all municipalities in Ontario for their consideration, to make proper changes as quickly and efficiently as possible.

Resolution No. 229
Title: Councillor P. Valiquette
Date: Tuesday, April 23, 2024

Moved by P. Valiquette
Seconded by J. Palmateer

WHEREAS it is apparent that the Ontario Government has overlooked the needs of small rural Ontario;
 AND WHEREAS Ontario's small rural municipalities face insurmountable challenges to fund both upfront investments and ongoing maintenance of their capital assets including roads, bridges, water/wastewater and municipally owned buildings including recreational facilities, libraries and other tangible capital assets;

AND WHEREAS small rural Ontario's operating needs consume the majority of property tax revenue sources;

AND WHEREAS small rural municipalities (of 10,000 people or less) are facing monumental infrastructure deficits that cannot be adequately addressed through property tax revenue alone;

AND WHEREAS in 2015 the provincial government moved to standardized billing for all non-contract J.P.P. (5.1) locations;

AND WHEREAS the Ontario Government has committed \$9.1 billion to Toronto alone to assist with operating deficits and the repatriation of the Don Valley and Gardner Expressway; and \$534 million to Ottawa for the repatriation of Hwy 174;

AND WHEREAS the annual cost of the Ontario Provincial Police, Municipal Policing Bureau for small rural non-contract (5.1) municipalities is approximately \$428 million;

AND WHEREAS this annual cost is significantly less than the repatriation costs of the Gardiner Express Way, the Don Valley Parkway and Highway 174 (Ottawa Region) but provides a greater impact to the residents of the Province overall;

AND WHEREAS this will afford relief to small rural municipalities for both infrastructure and operating needs while having a minimal impact on the provincial budget;

NOW THEREFORE BE IT RESOLVED THAT The Municipality of Tweed call on the Ontario Government to immediately implement sustainable funding for small rural municipalities by reabsorbing the cost of the Ontario Provincial Police Force back into the provincial budget with no cost recovery to municipalities;

AND FURTHER, that Council direct staff to circulate this resolution to Premier Doug Ford (premier@ontario.ca), Minister of Solicitor General, Minister of Finance, and to the Association of Municipalities of Ontario (amo@amo.on.ca) and all Municipalities in Ontario.
